

BIOGRAPHY for Christine Page MD

For over 40 years, Dr. Christine Page has been a pioneer in the field of holistic healthcare, especially for women. As a charismatic speaker, natural intuitive and wisdom keeper, she's been called a mystical physician, seeing herself as a bridge builder whether between different healing modalities or states of consciousness.

During her medical career, Dr. Page engaged in many fields of healing, specializing in pediatrics, obstetrics and gynecology. In the mid-1980s, she created one of the first integrative health centers in Britain and later created a highly successful homeopathic holistic practice in London.

As an inspiring media spokesperson, she co-hosted a popular radio show in London for 5 years. Traveling the world, she offers talks, seminars and online courses to health professionals and the public alike, on subjects such as women's empowerment, enhancing intuition, listening to the wisdom of the body, stepping into mystery and tapping into the Earth's mysteries.

Believing in personal empowerment, she has produced a wide range of products including visual imagery meditations that encourage listeners to tap into their own inner wisdom & embody their unique gifts & talents. She is the author of nine books, including *Frontiers of Health*, *the Handbook of Women's Mysteries* and her latest *Heart of the Great Mother* focusing on how to enter the new world of peace and unity that awaits us.
